

Bruno Delas

Group Chief Information Officer

After working on several mergers between the regional banks of Crédit Agricole, Bruno Delas joined Caisses d'Épargne in 1997 as Head of the Euro Project. He then held several positions in project management and information systems before being appointed a member of the Executive Committee of ITCE, which manages the information systems of all Caisse d'Épargne regional banks. He joined Societe Generale at the end of 2010 as Head of IT Systems for the Group's central divisions with responsibility for setting up the Business Solution Centre. In January 2015, he was appointed Chief Operating Officer and Head of Innovation & Information Technology for French Retail Banking. In September 2023, he was appointed Group Chief Information Officer.
